REHABILITATION & NURSING

Sena Kean Nursing & Rehabilitation Center assists individuals with short-term recovery care after a hospital stay or prolonged period of illness before going home or transferring to a lower level of care.

Transitional Care

Our nursing and therapy staff help residents learn to manage their recovery or their new medical conditions by teaching self-care and coping techniques.

Hospice & End of Life Care

Our center offers both palliative and hospice care in our facility. These approaches focus on making this time as comfortable as possible.

Community

Our activities director plans a diverse and active calendar with physical, social and educational activities to encourage healthy living and social interaction. In this positive environment, individuals can enjoy a variety of activities.

"Our team considers it a privilege to be a partner in your care."
